

STONECAP

CABERNET SAUVIGNON

Estate Grown
Columbia Valley

WINEMAKING

The warm 2019 vintage allowed for long hang time in the vineyard and tremendous flavor development in the grapes without over-ripening and loss of varietal character. During fermentation, the wine was pumped over twice daily until a balance of color, structure, and flavor extraction had been achieved. Malolactic fermentation was completed on oak, smoothing and softening the wine. The final blend was created as an authentic expression of the Estate's Cabernet Sauvignon and the depth that can be found in Washington wines.

TASTING NOTES

The 2019 Cabernet Sauvignon shows lovely aromas of fresh red cherry and red currant with notes of mocha and spice accented by hints of fresh herbs. The palate is intense and juicy showing red fruit flavors supported and focused by a fine structure and a hint of underlying minerality. The finish is lively and fresh and satisfying.
