GOOSE RIDGE G3

2023 PINOT GRIS
Columbia Valley

WINEMAKING

The fruit for this wine was sourced from some of the premier north-blocks of the estate. Being a cooler vintage, the fruit was harvested a little later in the season with ripe, intense flavors supported by fantastic acidity. The grapes were pressed; and clean juice was racked to fermentation vessels. The wine was fermented slowly at low temperatures to preserve fresh fruit flavors and increase complexity. The wine saw some lees mixing during a brief period of aging, building creaminess and complexity.

TASTING NOTE

Our 2023 G3 Pinot Gris presents a richly textured and pleasantly perfumed bouquet showing notes of nectarine and fresh melon. It unfolds with vibrant flavors of lemon, tangerine, and Anjou pear, while creating a harmonious blend of bright, refreshing acidity and rich texture and volume. Each sip delights and invigorates the palate!.
