

STONECAP

Cabernet Sauvignon

Estate Grown
Columbia Valley

WINEMAKING

Sourced from select estate Cabernet Sauvignon blocks, this 2023 Cabernet Sauvignon reflects the warm vintage's long hang time and rich flavor development without loss of varietal character. Fermented with twice daily pumpovers for optimal color and structure, it completed malolactic fermentation on oak for added smoothness. The final blend captures the depth and authentic expression of Washington Cabernet Sauvignon.

TASTING NOTES

The 2023 Cabernet Sauvignon has bright with ripe plum and dark berry flavor, this Cabernet is smooth, generous, and beautifully balanced. A subtle hint of mocha adds depth without weighing it down. The finish is clean and composed, with polished tannins and a lingering impression of fresh fruit.
