2025 PINOT GRIS COLUMBIA VALLEY

WINEMAKING

Sourced from a cooler, premier sites, this Pinot Gris benefits from precise viticulture focused on balanced yields, even ripening, and preserving natural freshness in the fruit. In the cellar, deliberate, cool fermentation in stainless steel allows the wine to retain its bright, expressive fruit character. The wine then ages sur lees for six months, building volume, texture, and a subtle softness through the midpalate. Malolactic fermentation is avoided to preserve natural acidity, giving the finished wine a lively balance of generous fruit, supple texture, and crisp definition.

TASTING NOTE

Our 2025 Pinot Gris has the easy charm of a sunlit day, bright with white peach, ripe pear, honeydew, and tangerine. The palate is broad and juicy, with a soft, rounded texture that feels smooth and generous from start to finish. Bright acidity keeps the wine fresh and lively, giving that richness a light, easy balance. Supple, relaxed, and full of fruit, it's a wine made for long, easy afternoons.
